

Event organizers who have food vendors and/or vendors who are selling or preparing food at special events on City right-of-way, in City plazas, or parking lots will be required to purchase barrier spill mats to capture any grease, oils, or food from falling on the street or concrete. Barrier spills mats shall be installed by the vendor prior to start of any food preparation or sale. The mats will be properly disposed of by the vendor. All cost will be borne by the vendor or event organizer/organization. This product is available for purchase at commercial vendors, such as Uline. Please check with the on for delivery time so that it will be available at your event.

The barrier spill mat shall:

- Quickly soak up oil, water, coolants and other spills.
- Have a Leakproof poly backing keeps floors dry.
- Be Sorbent soaks up oil and chemicals from around machinery and work areas.
- Resist tearing, curling and buckling with 2-ply construction.
- Absorb up to 1 quart of liquid per foot.
- Cut with a knife.
